

# ALBRECHT AE 6491 VOX

The Multinorm CB radio with state-of-the-art technology and simple operation.

The new **VOX hands-free function** allows communication in the vehicle **without having to pick up the microphone**. The radio detects when the driver is speaking and automatically starts the radio transmission. The **sensitivity and delay of the VOX hands-free function** can be adjusted in **several stages**.

The display of this multi-standard CB radio impresses with **its clarity** and **wide horizontal and vertical viewing angles**.

## KEY FEATURES

### Auto squelch (ASQ)

eliminates the need for a readjustment of the squelch

### VOX hands-free function

allows you to talk without having to hold the microphone in your hand

### Powerful front speaker

delivers clear, powerful sound

### 12/24 volt operation

makes it equally easy to use in cars and trucks
