

## ALBRECHT DR 54

The small **DAB+ tuner** with its elegant design is a real all-rounder – it enables crystal-clear reception of DAB+ (digital radio) stations both **on the move and at home**. Installation is quick and easy – without any great effort.

The integrated FM transmitter enables **wireless transmission to your car radio or home hi-fi system**. The tuner can be attached either with a suction cup or adhesive mount. When driving, the active **DAB+ wind-screen antenna** ensures **the best possible and stable reception** of your favourite stations.

At home, the versatile tuner can **transmit DAB+ stations wirelessly to your stereo system or other radios**.
