- Video format: MOV (H.264)
- Image stabilizer
- Dual Core 600Mhz processor
- Battery life: 1200 mAh
- Takes memory cards up to 256 GB
- Live streaming via VSYSTO app

Code: C1593

COMPLIANCE

Device in compliance with the RE-D
2014/53/EU regulation

Bike Guardian PRO is the motorcycle dash cam par excellence, designed by Midland to guarantee the total safety of your vehicle. This model offers unprecedented video quality thanks to the latest generation processor which, combined with the 2K resolution and the Sony sensor, makes the images even sharper.

The use of recorded content becomes more and more pleasant: the image stabilizer reduces the oscillations caused by the vibrations produced by driving on the road and the microphone sensitivity adjustment reduces the background noise generated by the wind, for superior audio quality.

The camera is always connected thanks to integrated Wi-Fi which allows live streaming and remote control of images using a smartphone or tablet.

Bike Guardian PRO, certified Waterproof IP65, is water-resistant and its entirely aluminium body makes it shock-proof. Perfect features also for any outdoor activity.
