

The DR 50 B digital radio and Bluetooth tuner is the perfect addition to your home stereo system. Simply connect it with the included cables and enjoy the crystal clear reception of digital DAB+ radio stations.

In addition, you can stream music via Bluetooth from your smartphone or from Spotify to the tuner. The digital radio tuner has a color display with touchscreen function.

All functions can be easily set on the device. Alternatively, you can use the included remote control and e.g. control everything from your couch.
