

Control the radio through your smartphone!

> DR 883 Internet-/DAB+/FM Radio

This 4-in-1 radio is a real allrounder: you can choose between Internet Radio, DAB+, FM and Bluetooth operation. Thanks to the 2 speakers and also the elegant wooden housing you will be impressed with its sound.

Listen to more than 25.000 internet radio stations worldwide incl. all local DAB+ stations in your region.

The high-quality color display shows you a lot of additional information like photos, album covers, song titles and many more. Equipped with the newest technology, it is possible to control very many functions of the DR 883 through a free smartphone app. You can also stream music from your mobile device to the radio.

Furthermore you can also play music from any device with Bluetooth or from your PC on the DR 883. The integrated alarm and dimmer functions make it also very comfortable to use as an alarm clock in your bedroom.
