

ALBRECHT AE 6491 ANC

For the latest version of the **AE 6491**, Albrecht has developed a technical innovation and integrated it into the CB radio: **the ANC and NRC noise filter.**

The **NRC** filters out noise and other interfering signals from incoming radio transmissions. This increases speech intelligibility.

The **ANC** filter reduces noise that is picked up by the microphone during transmission. This reduces wind and engine noise in your radio transmissions, for example.

Both noise filters in combination provide an unprecedented audio quality in the CB radio range!

In addition, the new **VOX hands-free function** enables communication in the vehicle without having to pick up the microphone. This means that the CB radio can be used in vehicles without hesitation in accordance with the latest road traffic regulations § 23 (1a) StVO.

KEY FEATURES

NEW: ANC noisefilter

reduces noise when transmitting from the microphone

NRC noisefilter

for less noise even with distant signal sources

VOX-Hands-free function

allows the use in vehicles in accordance with § 23 (1a) StVO

Wide-angle display with illumination

Enables a good view from every angle

Autosquelch (ASQ)

saves annoying readjustment of the squelch

ALBRECHT AE 6491 ANC

FEATURES

- VOX hands-free function
- ANC and NRC noise filter for maximum audio quality
- Automatic squelch (ASQ)
- 12/24 volt operation
- Wide-angle LC display
- 3 selectable display colors
- Scan function
- Channel 9/19 direct selection button
- 38 CTCSS/99 DCS tones
- Data storage in case of power failure
- 6-pin microphone socket
- Connections: External loudspeaker
- Power supply: 12 V
- Dimensions W x D x H: 13 x 19 x 3.5 cm
- Weight: 800 g

OPTIONAL ACCESSORIES

DIN-mount
• Art.-No. 75430

UP/DOWN microfon
• Art.-No. 4197

SCOPE OF DELIVERY

CB radio, microphone with up/down buttons, microphone holder, DIN mounting frame with 2 release keys, DC power cable, instructions

Art.-No. 12648.02
