

ALBRECHT AE 125 H Radio scanner

OUTDOORS
& HOBBIES

Thanks to its 7 preprogrammed bands (Emergency, Freenet, PMR, Marine, Air, CB, and Ham), this compact handheld scanner is extremely easy to use. It receives a wide range of frequencies, including civil and military aviation radio, amateur radio, and marine radio.

Highlights include the close-range search (Close Call), the backlit display, and 500 memory slots. The high-speed search (Hyper Search) scans at a rate of 300 steps per second.

Weighing just 205 grams, this set comes ready to use with rechargeable batteries, an antenna, a belt clip, a charger, and a USB cable.

Warning: Please observe national wiretapping laws!

KEY FEATURES

Pre-programmed service tapes

7 bands (Emergency, Freenet, PMR, Marine, Air, CB, and Ham) make it especially easy to find radio services

Local Station Search

The built-in Close Call feature makes it easy to quickly find strong transmitters in the immediate vicinity

Ample storage space

Offers 500 memory locations across 10 banks and the lightning-fast Hyper Search feature with 300 steps per second

Wide frequency range

Covers a wide range from 25 to 960 MHz, including civil and military aviation radio as well as maritime radio
