## Internet radio alarm clock

> ## DR 450
### Internet-/DAB+/FM Radio

DAB · INTERNET · FM · ▶ · 📍

Music streaming and radio control via an app is possible.

Android    Apple iOS

- ▶ 3-in-1 radio alarm clock: Receipt of Internet, digital and FM radio stations
- ▶ More than 25,000 internet radio stations received from all over the world
- ▶ 2 variable alarm time settings (with the weekday selection)
- ▶ Home networking via an app

Samba, Latin, Rock, Jazz ...? Irrespective of your choice you always have a radio alarm clock, which welcomes the new day with an internet, digital or UKW radio station.

And more than 25,000 stations from all over the world are at your disposal. There is always something for everyone there!

Once the device is connected to the home network, the radio can be comfortably controlled by a remote control or even by a smartphone app.

By the crescendo function, the alarm volume is slowly increased and the snooze function gives the sleeper a couple of minutes before waking up.

Once awake, you can immediately read the weather forecast including the current temperature.

## Configuration

- ▶ Crescendo function (increasing volume)
- ▶ Either a tone or a radio station as an alarm source
- ▶ Snooze function and sleep timer
- ▶ Separate adjustment of the screensaver brightness (dimming function) for operation and standby
- ▶ Weather forecast in the standby mode
- ▶ Dimensions: T: 14/B: 13/H: 6 cm
- ▶ Weight: 410 g
