

ALBRECHT DR 59 DAB+ Blackbox

Would you like to equip your vehicle with modern digital radio, but are put off by the visual impact and annoying cable clutter in the cockpit?

The **Albrecht DR 59 DAB+ Blackbox** is the elegant solution for perfect sound.

The black box is placed **invisibly in the vehicle** (e.g., in the glove compartment), while control is **completely wireless via your smartphone** and the free "Smart Radio Link" app. Enjoy **noise-free DAB+ radio**, **Spotify streaming**, and innovative safety features such as **ASA alerts** —without any visible technology, but with complete convenience. It's also ideal for making your home hi-fi system fit for the digital future.

KEY FEATURES

Smart control via app

enables complete wireless operation via your own smartphone or existing steering wheel buttons.

ASA warnings

provide added safety by receiving important warnings based on the current vehicle position

Wireless music streaming

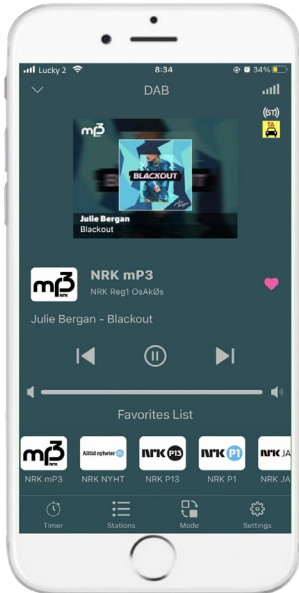

turns your car stereo into a multimedia hub so you can listen to music from services like Spotify directly through your car speakers.

Invisible installation

enables a tidy cockpit without annoying cable clutter

AUDIO

Included in both versions:

DR 59 Digital Radio Adapter

Active magnetically grounded DAB+ antenna for the windshield

3.5 mm audio cable (1.5 meters)

Only included in version 1:

Power supply via dual USB charger (12-24 V) with USB-A and USB-C

Only included in version 2:

Hardwiring kit (Installation by specialist dealer required)
