# XT PRO LINE

THE XT LINE - WALKIE TALKIE FOR THE OUTDOORS -  
BECOMES **PROFESSIONAL**

WALKIE TALKIE

# XT PRO LINE

## The complete range

The PRO line stands out for its more marked style, which adds to the design characteristics of greater strength and resistance to any impact.

The new 2022 range focuses on colourful, light and easy-to-use models.

### X 10 PRO

### XT30 PRO

### XT50 PRO + XT50 H&W

### XT70 PRO + XT70 H&W

PMR446 radio

# XT10 PRO

The new version of this model introduces appreciable technical improvements, including the extended PMR446 band and resistance to humidity and dew (SPLASH PROOF).

**TARGET/USE:**  
AT HOME OR IN THE PARK.

## IN EVIDENCE

16 PMR446 CHANNELS

20H AUTONOMY (with alkaline batteries)

COLOUR: RED

PMR446 radio

# XT10 PRO

## TECHNICAL FEATURES

- Extended PMR446 frequency band: 446.00625 – 446.19375MHz
- 16 PMR446 channels
- High-performance loudspeaker
- Splash proof
- Power supply: 3 AAA batteries
- 1 level VOX
- Side tone: end of transmission tone silencer
- 38 CTCSS tones
- key lock, Scan, Monitor
- Battery status indicator and power save
- Call button
- Weight: 75g
- Dimensions: 48x29x90 mm

Code: C1459

## COMPLIANCE

Device in compliance with the RED 2014/53/EU regulation

**Midland improves the XT line of excellence and makes it PROfessional.**

What does it mean?

More functions, better performance and greater safety.

XT10 PRO keeps the red colour to give continuity, but definitely expands its performance with a wider frequency band (PMR446: 446.00625 - 446.19375MHz) and is now water-repellent to humidity and dew (splash proof)

XT10 PRO confirms communication over distances up to 4 km in optimal conditions, the ease of use that distinguishes the entire XT line and all the features already present.

**While remaining tools within everyone's reach, walkie talkies are the ideal companion for your excursions.**

Simple and light, as well as very practical, they can increase the level of safety while carrying out an outdoor activity. Especially when you go out as a couple or in a group, **this tool becomes indispensable**, since it will allow you to keep in close contact with your partner, and prevent an unexpected event from turning a pleasant trip into a situation that is not easy to deal with.

## PACKAGE CONTENTS

PMR446 radio

# XT30 PRO

XT30 PRO keeps the bright green colour of the previous version and adds extension to the PMR446 band. Another feature to report is the resistance to humidity and dew (SPLASH PROOF).

## TARGET/USE:

EXCELLENT FOR WEEKEND TRIPS.

## IN EVIDENCE

16 PMR446 CHANNELS

DISTANCE UP TO 6KM

5 HOURS' AUTONOMY (batteries supplied)

- Roger Beep that can be switched off
- VOX for hands-free communications with 9 selectable levels
- 2-Pin MIDLAND socket for external microphone/external speaker

Code: C1464.01

### COMPLIANCE:

Device in compliance with the RED  
2014/53/EU regulation

**Midland improves the XT line of excellence and makes it PROfessional.**

What does it mean?

More functions, better performance and greater safety.

XT70 PRO keeps the grey/gunmetal colour (blister version) to give continuity, while in the H&W version it uses the orange colour (immediately identifiable in case of need).

The increase in performance compared to the previous version is very interesting: wider frequency band (PMR446: 446.00625 - 446.19375MHz), IPX4 water/rain resistance, adjustable squelch on multiple levels, special RRM channel (Rete Radio Montana): main tool for reporting emergencies.
