M5 PRO

The CB in the microphone that changes the rules of the game:
unique in its category!

The future of the CB is all here, in the palm of your hand.

CB RADIO

M5 PRO

When adventure calls, you need a radio that responds promptly, reliability and ease of use.

M5 Pro is born, the natural evolution of the famous M5, designed for those who live the road - and also beyond.

The CB in the microphone that changes the rules of the game: hide the "M5 PRO" and keep only the Mike at hand, unique in its category! FSTN backlit display, ANC for a clean audio, 5-level VOX to communicate hand-free. With the Dual Watch function follow two channels simultaneously.

Camper users, off-road drivers, explorers on four wheels: this is your new ally.

Differences compared to the previous M5 model:

- **larger and more legible display**
- **even more intuitive interface**
- **ignition and volume knob** allows you to adjust everything in a gesture, even with gloves.
- **Ergonomic and secure hold**

CB RADIO

M5 PRO

Description

Since 1959, the voice of experience

Midland is a world reference point in radio control since **1959**.

For over 65 years we have developed reliable solutions for travellers explores, workers and those who move freely.

Our CB radios have accompanied generations of enthusiasts on all types of road, offering **safety, simplicity and performance** in all conditions.

M5 Pro inherits all this know-how, updating it to today's needs.

With **M5 Pro** all the technology is enclosed **in the microphone**: compact, practical, and **unique in its category**.

The **backlit FSTN display** guarantees perfect visibility in all light conditions.

ANC (Automatic Noise Cancelling) technology ensures always clean audio, even on uneven soil or while travelling.

The adjustable **5-level VOX function** allows you to speak without hands, while with the **Dual Watch** you can **monitor two channels at the same time**.

The future of the CB is all here, **in the palm of your hand**.

**CB RADIO**
