

MIDLAND 8001 PRO CB/SSB radio

Experience communication in a whole new way – with the **Midland 8001 PRO CB/SSB radio**. Enjoy crystal-clear reception thanks to **AI-powered DSP noise reduction** and utilise the full power with **4 watts AM/FM and 12 watts SSB**. The large **4.25-inch colour display** provides an excellent overview, while functions such as **dual watch, scan and echo** make operation particularly convenient. Whether on the move, in your vehicle or stationary, with the **8001 PRO** you are always well connected.
