

# ALBRECHT DR 452 DAB+

No matter how you want to start the day - with the new **DR 452** radio alarm clock, getting up is always a success! Whether news, rock & pop or **your own playlist...** with the radio alarm clock is a huge variety of music available to welcome the new day in a good mood. With **noise-free** DAB+ and FM radio reception or the integrated **streaming function**, the decision is entirely yours.

The **slim** radio alarm clock **DR 452** can also be used to conveniently and **wirelessly charge** your cell phone via the integrated Wireless Charger charging device (Qi standard) - **simply** by laying it on top. The clock radio can also serve as a **night light** and thus provide a good feeling should you ever want to get up in the dark. For an **undisturbed** sleep, the display can of course also be dimmed or completely turned off.

## KEY FEATURES
